

LET'S GO ON A PLANT HUNT!

What can you find at Bullington Gardens?

Snap a selfie or group photo with (or pointing to) your best finds for the clues below. Be careful not to disturb the plant or its neighbors!

We'd love to see what you discover- post your pictures (and the name of the plant if you know it) to Facebook or Instagram and tag @bullingtongardens.

Please help us take care of the Gardens by not picking or taking the things you find.

1. An animal in action.
2. Something that makes noise.
3. Two of the *same* kinds of plants with flowers that are a *different* color.
4. Two *different* kinds of plants with flowers that are the *same* color.
5. Plants that butterflies or bees love.
6. A weird plant you'd like to know more about.
7. A place in the garden you'd want to live in.
8. A plant with edible fruit.
9. A plant that smells amazing.
10. A plant that lives on another plant
11. The smallest plant you can find.
12. The biggest plant you can find.
13. A tree that looks very old.
14. A plant that reminds you of something that is not a plant.
15. Your favorite plant.

- How many things did you find that you have seen before?
- Did you find anything you have *never* seen before?
- When you visit Bullington Gardens again, do you think you could find all of the same things you found today?
- Do you think you would recognize the plants you found if you saw them in your neighborhood?
